

TAKE ACTION

In a surprise move, the House leadership has scheduled a vote this Wednesday, June 22, on legislation to **abolish the Election Assistance Commission**, HR 672. With many continuing threats to the right to vote, now is not the time to terminate the only federal agency that devotes its full resources and attention to improving our elections.

The League believes that elections are fundamental to a functioning democracy and that every effort should be made to elevate their administration to the highest importance. Congress should not turn its back on federal efforts to ensure election integrity, improve voter access to the polls, and improve election systems. The value of the EAC far outweighs its monetary costs; in fact, the costs of poorly run elections are intolerable. It is time for election administration to move into the 21st Century, not back toward the 19th.

TAKE ACTION
