

Join the League for National Voter Registration Day – September 25th

On September 25th, the League of Women Voters will be at the locations listed below.

Note the shift times at each location and you can show up anytime during the shift – bring friends. You will find the League of Women Voters table where you can pick up supplies and fan out into the neighborhood. Each “Home Base” will provide you with neighborhood information so you can familiarize yourself with likely places to find prospective registrants. (ex. busy subway stops, grocery stores, community centers, etc.). Note this is a clipboard event and will require walking.

The following locations were selected as part of our outreach to Assembly Districts in New York that have experienced low voter turnout. In addition to our goal of registering voters, we hope to engage voters and discuss the upcoming election and ballot measures. We also offer an opt-in "Remind Me to Vote" initiative.
