# Democracy Needs You.

The success of a democratic system rests upon the participation of its people. Citizens and residents must make their voices heard if government is to represent the will of the people.

For over 90 years the League of Women Voters, a nonpartisan political organization, has encouraged informed and active participation in government. We work to increase the understanding of major public policy issues, and influence public policy through education and advocacy.

Membership is open to all men and women over 18 years of age. Join us to preserve and protect the democratic process as envisioned by our founders.
